WHISTLEBLOWER IVETTE PALOMO LAUNCHES CONGRESSIONAL CAMPAIGN, DECLARES WAR ON CONGRESSIONAL DERELICTION

'Champion of the American Kitchen Table' Promises "United States Strong" Agenda to Strike Root of Corruption

SUMTER COUNTY, FL — March 25, 2026 – Ivette Palomo, a whistleblower who stood alone against a corrupt system, today launched her campaign for Florida's 11th Congressional District from her home in Sumter County with a pledge to end the era of silent complicity in Washington, directly targeting the 15-year congressional record of incumbent Daniel Webster.

The Champion of the American Kitchen Table framed her campaign as a necessary intervention to restore a voice to a district represented by a ghost.

"In Tallahassee, Daniel Webster learned how to lead. In Washington, he learned how to disappear," said Palomo. "For 15 years, he has been a silent sentry at our gates—deaf to the insurance crisis crushing our families, blind to the veterans betrayed by bureaucracy, and mute as fentanyl floods our communities. A ghost cannot secure a table. I am here to break the silence."

The campaign kickoff, "**The Declaration Week**," marks the start of a detailed indictment of Webster's tenure. Palomo's core philosophy—"**Strike the Root, Secure the Table**"—identifies the root cause of District 11's crises as a corrupt bargain: career politicians outsource constitutional authority to unaccountable bureaucracies, leaving families to suffer.

"For those same fifteen years, I was not in a politician's office. I was at the kitchen table, like you," Palomo stated. "I have felt the sting of inflation, the fear of an open border, and the frustration of a government that makes our lives harder. In 2026, we say: No more Derelict Dan."

Palomo's "**United States Strong**" agenda is built on **Four Pillars of Security**, governed by the **Strike-Secure Protocol**:

- **Familial Security:** Strike the Indoctrination; Secure the Family. (Championing parental rights, lowering healthcare costs, securing neighborhoods)
- **Economic Security:** Strike the Unfair Globalism; Secure the Wealth. (Dismantling the regulatory state, unleashing American energy, fixing I-4 and US-27)
- **Environmental Security:** Strike the Corrupt Capture; Secure the Inheritance. (Holding polluters accountable, preserving Florida's water and farmland)
- **Political Security:** Strike the Star Chamber; Secure the Rights. (Dismantling the Administrative State, restoring Article III courts & jury trials)

"This is not just a campaign; it is a covenant," Palomo declared. "I will not go to Washington to get along. I will go to Washington to strike the root itself. We will break the back of the corrupt establishment and secure the table for the next generation. The political class had their turn. They failed. Now, it is our turn. On Election Day, we will not just cast a ballot. We will deliver a verdict."
